PUBLIC RISES AGAINST LONG SEA FLIGHTS

HAD FILL OF ADVENTURING OVER OCEANS

Navy Aviator Leavé Recalled—Royal Windsor Held

HALIFAX, Sept. 9 (AP)—Canadian vessels were asked tonight by government radio stations to assist in the search for the monoplane Old Glory missing on a flight from Old Orchard, Me., to Rome. At the request of the United States embassy the naval department at Ottawa, ordered the search. The message it broadcast called attention to reports that the monoplane had been sighted 400 miles east-northeast of St. John's. This was before she sent out an S. O. S. Wednesday morning.

HONG KONG, Sept. 10 (AP)—The Pride of Detroit, world circling monoplane, hopped off from here at 6:25 a. m., for Shanghai. It was accompanied by three royal air force planes.

NEW YORK, Sept. 9 (AP)—Old Glory, a Sir John Carling, the most recent plane to try the Atlantic crossing, were definitely labelled "lost" today and their disappearance marked a sharp break in public enthusiasm for long distance ocean flying.

A rising tide of indignation during the day, that the public had had its fill of this type of adventure and public opinion was mirrored in numerous ways. The navy decided Lieutenant Lawrence Curtin from his leave of absence to fly with Rene Fonck and Ponck, acknowledged that his flight would probably not be made this year without Curtin.

The Canadian committee in charge of the proposed flight of the Royal Windsor notified Phil Wood and Duke Schiller to abandon the flight.

A rising tide of indignation against the flight was given as the reason for the cancellation.

"Doc" Kinnard, Wright motor expert, left London to sail for America, saying that he had refused to give the public a certificate of airworthiness and that a westward flight at this season would be suicide to attempt. Levine and his pilot however, insisted they would make the attempt if they got favorable weather.

London newspapers carried caustic comment on "fool flights" and opposition to further Atlantic flights was expressed in an interview in the London Evening News with Lord Thomson, former British air secretary.

Besides the effect public opinion had on immediate impending flights there was also action to forestall others not so imminent. The \$25,000 Boston airport transatlantic prize for the first flight from Europe to land in Boston was withdrawn for the season.

Officials of the Cleveland Chamber of Commerce, however, announced that a similar prize it had offered for the first Atlantic flyer to land in Cleveland still stood.

The Philadelphia Bulletin and the Philadelphia Chamber of Commerce's aviation committee today voted to withdraw the \$25,000 prize offered for the first non-stop flight from Europe to Philadelphia which the missing British

BLACK HILLS GIVES CALVIN REAL SENDOFF

To Dedicate College Library On Return Trip To Capitol

RAPID CITY, S. D., Sept. 9 (AP)—The special train carrying President Coolidge back to Washington left here tonight at 9:50 o'clock. Mountain time.

RAPID CITY, S. D., Sept. 9 (AP)—The Black Hills having demonstrated an old time hospitality, sends President Coolidge back to Washington tonight with his own assurance that he has had a "very pleasant, a very wonderful time."

After three months in the west during which he came into closer contact with the people of this area than any before him, Mr. Coolidge turns back to the nation's capital hopeful that hereafter it will be increasingly practicable for presidents to see at first hand the needs and requirements of the country's different sections.

The people of the Black Hills said good bye to him in a truly western fashion, gathering for a monster demonstration during which they closed every shop, office, mill and factory. They hung out flags and brought out their band and in return the president expressed his appreciation of their hospitality.

Lauds Norbeck
He was especially enthusiastic about the state park in which he has lived and he provoked considerable discussion when he spoke of the governor, Senator Norbeck, as "one of the great men of this nation, who you may well honor in any way."

Within a few hours after the president had complimented Senator Norbeck, a group headed by Chester N. Leonard, United States marshal for South Dakota launched a boom to nominate Mr. Norbeck for vice-president, declaring that the president's words were sufficient assurance of his qualifications.

Dinner over tonight, the white house attaches rushed the last of the packing and made ready for the departure which was set in time to bring Mr. Coolidge into Brookings, S. D., early tomorrow where he will dedicate the Lincoln Memorial Library of the State Agricultural College, Washington.

That Mr. Coolidge has watched the life of this section closely and with a great deal of interest was indicated in his farewell speech today.

"My experience here has been exceedingly pleasant," he said. "The hospitality that has been extended to us has been nothing less than remarkable."

I have been able to see a very great deal of the life of this section. (Continued On Page Five)

CHANGE OF VENUE TO BE SOUGHT FOR HILL

CHICAGO, Sept. 9 (AP)—A change of venue, from Streator, Ill., to Chicago, or at least Cook county, was sought for the trial of Harry Hill, 22 year old Streator youth charged with slaying his mother, W. W. O'Brien, defense attorney in the case, announced today.

O'Brien said he would also seek, with a writ of habeas corpus, to take Hill from the custody of LaSalle county authorities who are bringing the youth back from Seattle, Washington, and have him lodged in the Cook county jail.

"That small town of Streator is against the boy," O'Brien explained. "They have convicted him in their own minds without waiting to give him a fair trial by jury. I shall ask for a change of venue on the grounds that it would be impossible to find twelve men who could put aside their prejudice against him and give him a fair hearing on evidence alone. And I shall ask that the case be transferred to Chicago, or Cook county at least."

Attorney O'Brien said that from reports of investigators at Streator, he is convinced that Hill is sane, and that insanity will not be the defense in the case.

INSURGENTS KILLED
Bengali, Italian North Africa
Sept. 9 (AP)—Two hundred eighteen insurgents were killed in battle with Italian military forces, says a semi-official statement given to the Stefani News Agency here. The Italian casualties were said to have been "very light."

PLANE PASSENGER KILLED
Stanford, N. Y., Sept. 9 (AP)—An airplane crash near here today resulted in the death of Floyd Wardell, 31, passenger and shock and bruises to Howard F. Boyd, pilot. Eye witnesses said the engine stalled.

BELIEVES PEACE HERE
Geneva, Sept. 9 (AP)—Aristide Briand, French foreign minister in an address today voiced the conviction that peace had come to stay.

EXPEDITION TAKES UP SEARCH FOR AVIATOR

New York, Sept. 9 (AP)—Search for Paul Redfern, missing American aviator who hopped off two weeks ago from Brunswick, Ga., to Rio de Janeiro, has been undertaken by the Lee Garrett Day expedition of the American Museum of Natural History. Museum officials announced tonight.

The day expedition is at present in the northern part of South America and it is believed that thru proper circulation of reports concerning Redfern by the expedition, some word of the fate of the aviator might be received.

PRIMARY LAW DRAGGED INTO DIXON COURTS

Injunction Filed In Lee County Court By Attorneys

DIXON, Ill., Sept. 9 (AP)—Litigation aimed at the Illinois primary law was instituted in the circuit court at Dixon this afternoon by William J. McAlpine of Dixon, who was the successful complainant in a suit finally decided by the supreme court last June in which the high court held all primary laws in the state invalid.

The effect of that decision, however, was overcome by the legislature, passing a new set of primary laws which are now attacked in a bill for injunction filed by Attorneys Erwin and Dixon of this city and it is expected that the matter will be heard at the September term of court.

Attorney George C. Dixon, who represented McAlpine in the successful attack made on the primary laws in litigation running over a year ending with the supreme court victory, declined to give any details as to the legal grounds for questioning the validity of the new laws, but said he hoped to have the matter reach the supreme court in time for its December term of court.

Questions Constitutionality
The suit filed today relates only to the constitutionality of the legislative primary act, which controls the nomination of candidates for members of the legislature and (Continued On Page Five)

AVIATRIX COMPLETES FLIGHT TO FLORIDA

TAMPA, Fla., Sept. 9 (AP)—Completed a non-stop flight from Detroit, Miss. Ruth Elder landed her monoplane "American Girl" here at 5:45 p. m. today.

With George Haldeman, Lake land aviator, who was her navigator on a projected flight to Europe soon, she left Detroit at 5:56 a. m. yesterday, making the 1,100 mile voyage in little less than 12 hours.

Original plans to land at Lakeland were abandoned because of the condition of the flying field there.

Miss Elder and Haldeman plan to leave here Monday for Wheeling, W. Va., and Roosevelt Field, New York, preparatory to their proposed trans Atlantic hop which tentatively has been set for late this month.

"Miss Illinois" Named "Miss America" At Annual Atlantic City Pageant; Dallas Second

ATLANTIC CITY, Sept. 9 (AP)—The crown of "Miss America" of 1927 was placed tonight upon the fair brow of a 16 year old girl from the midwest—Miss Lois Delander, Joliet, Ill., who was entered in the Atlantic City beauty pageant as "Miss Illinois."

Before a crowd of more than 10,000 persons that crowded the million dollar pier she was chosen as America's new beauty queen, receiving eight of the judges' votes.

The second choice was Miss Dallas, who is Miss Moselle Hanson of Dallas, Texas. She received five votes. The new "Miss America" is a junior in the Gloria Township high school in Joliet. She has unobbed brown hair, blue eyes and fair complexion.

Speaking in a trembling voice just a minute after the last vote had given her the coveted title, she said:

"I am so excited that I can't say much. I am so thrilled. I want to thank the pageant committee for the kindness they have shown me. I shall try all thru the year to do honor to the title which I bear. I shall hurry home now."

Miss Illinois also won first prize in the midwestern division of the inter-beauty section of the Rolling Chair Parade.

Second prize went to Miss Hammond, Ind., Anne Howe, with Miss Saginaw, Charlotte, Bowman, winning third place. Each of the girls were awarded a large loving cup.

CLEAN UP DRY FORCE IS AIM TREASURY AID

Many Dishonest Men In Service Says Lowman

WASHINGTON, Sept. 9 (AP)—Determination to rid the federal prohibition service of dishonest and incompetent agents was expressed today by Assistant Secretary Lowman of the treasury in a formal statement in which he also declared that "if America can be made sober and temperate in 50 years, a good job will have been done."

Lowman asserted that while there were a "lot of splendid fearless men" in the service, "there are many incompetent and crooked men" and "bribery is rampant."

"There are many wolves in sheep's clothing," said the assistant secretary's statement. "We are after them. A lot of them lately have been let out all over the country. The government intelligence service has been working hard. Some days my arm gets tired signing orders of dismissal."

More Good Men
"I want to say, however, that there are a lot of splendid, fearless men in the service as well, men who are absolutely dependable. Fortunately they greatly outnumber the crooks."

Customs and the coast guard are well organized. Some crooks show up in these bureaus. They go out as fast as we locate them. In his statement, Mr. Lowman declared that "the object of prohibition is to promote temperance and sobriety," and added:

"To my mind it has already done much along that line. To claim that this is a complete success would be ridiculous."

Two Classes Want Hootch
"There has been much improvement. You can go to bed in a hotel these days unaccompanied by the refrain of 'Sweet Adeline.' You can go to a banquet now where other ideas are advanced besides that of Old Man Aswatompe Brown."

"He was almost as famous in his day as 'Dear Old Heidelberg.' The great mass of Americans do not drink liquor. There are two fringes of society who are hunting for 'hooch.' They are the so-called upper crust and the down and out in the slums. They are dying off fast from poison hootch. If America can be made sober and temperate in 50 years, a good job will have been done."

NEWSPAPER ITEM IS AID IN FINDING HEIR

SPRINGFIELD, Ill., Sept. 9 (AP)—How a newspaper item led to a \$4,000,000 inheritance was revealed today by a telephone call from Albert H. Baker, Pana, Ill., carpenter, to the Springfield State Register.

Baker, who telephoned from Carthage, Mo., said that several days ago he read an item in the paper saying that a search was being made for heirs of the late Col. Jacob Rupert Baker, Carthage, who died several years ago leaving an estate valued at many millions.

Baker investigated and found that Col. Baker was his father's great grandfather. Fourteen heirs have been found, he said, and his share of the estate will approximate four million.

PROHIBITIVE TARIFF AGAINST U. S. EXPORTS

PARIS, Sept. 9 (AP)—What are said to be prohibitive duties upon a variety of American exports have been in force against shipments from United States ports since September 1, it was learned today. The new duties are from 4 to 6 times higher under the general tariff now effective than previously.

This fact came as a surprise to the American embassy Wednesday. It is stated, the embassy having understood that the new tariffs were rather more favorable to America than the old schedules.

The embassy acting under instructions from the state department is making representations to the foreign office for most favored nation treatment.

REVOKES LEAVES

WASHINGTON, Sept. 9 (AP)—Leave granted Lieutenant L. W. Curtin and Ensign S. V. Edwards, who were to accompany Rene Fonck on his proposed Atlantic flight was revoked today by the navy department.

INDICT GOVERNOR OF INDIANA WITH THREE OTHERS FOR BRIBERY

CAL TO PROBE LOSS OF LIFE IN SEA TRIPS

Is Much Concerned Over Disasters To Air Men

RAPID CITY, S. D., Sept. 9 (AP)—Concerned over the recent disasters involved in trans-oceanic flying attempts, President Coolidge intends to investigate the circumstances with a view to determining if overseas aviation can be made more certain.

Mr. Coolidge doubts if government regulation of ocean flights can be of any great value. He can hardly imagine that a government board would be willing to take the responsibility for sending anyone across the Atlantic on a flying expedition. The president will assemble all the facts involved in the recent losses of life in trans-oceanic flying and carefully investigate the entire situation.

He expressed regret today over the numerous recent tragedies. "Lindbergh's Flight Remarkable"
The failure of planes attempting to cross from both sides of the Atlantic have shown, in his opinion, that Colonel Lindbergh's flight direct from New York to Paris was more remarkable than at first considered.

The president feels there is nothing the government could have done in the way of adding anything in equipment or advice to those who have sought to span the oceans by air. Nor does he think that any of the airships that have set out were not properly equipped. He feels that all the precautionary measures known to science were taken by the explorers.

It has occurred to him that perhaps it will be well not to permit single motored planes to make overseas flights but that he realizes that if a seaplane drops in mid-ocean it stands very little show of surviving the elements until rescued.

When he doubts the value of government regulation, it is believed the president has in mind an investigation to be conducted by a government agency with a view to determining also the practicability of legislation.

ROYAL WINDSOR CREW FEARS QUITTER NAME

WINDSOR, Ont., Sept. 9 (AP)—A fear that they might be accused of quitting if they abandoned their proposed Windsor, Ont. to Windsor, England flight at the present time, the crew of the Royal Windsor tonight wired the flight committee from Harbor Grace, N. F., that they would "carry on at all costs" until they were assured they would not be considered quitters.

C. A. "Duke" Schiller and Phil Wood, pilots of the Royal Windsor were today notified by the flight committee to abandon the flight in view of the disasters that have overtaken the St. Raphael, Old Glory and the Sir John Carling, and to return to Windsor.

The flyers answered as follows: "Altho we read requests and demands from all parts of the world to abandon flight, until we receive assurance from you and the rest of the committee who have been so patient and loyal that if we abandon flight we will not be accused of quitting, we will carry on at all costs."

URGES TEN YEAR CARD
Los Angeles, Cal., Sept. 9 (AP)—Congressman W. E. Hall of Peoria, Ill., a member of the house rivers and harbors committee today urged that government engineers be launched upon a ten year program for development of the nation's natural resources for irrigation, power and transportation and for establishment of permanent flood control work. The Boulder Dam project on the Colorado river was promised the congressman's full support because of its importance for the future growth of every Western state thru which the river flows.

PHOT KILLED
Santa Monica, Cal., Sept. 9 (AP)—Lieutenant Earl Carlisle, an army reserve officer and aviation instructor, was killed and his passenger Thomas H. Corey, 19, of Los Angeles, was seriously injured today when Carlisle's plane went into a nose dive, 150 feet above Cloverfield near here.

SUSPEND DUTIES; RELIEF
Paris, Sept. 9 (AP)—A temporary suspension of prohibitive duties against the United States pending negotiation of a commercial treaty will probably be the outcome of Washington's protest to France upon the highest rates of the new general tariff, it is stated.

SECOND A. E. F. MOVE CONTINUES WITH 3 LINERS TAKING MEN

Leviathan to Sail Today—Small Wires Illinois Troops Bon Voyage

NEW YORK, Sept. 9 (AP)—"On to France" movement of the second A. E. F., continued today with additional contingents of World War veterans on three liners bound for the tenth anniversary convention of the American Legion in Paris.

More than 6,000 left yesterday and two Wednesday. Tomorrow the Leviathan will resume its wartime role of troopship and sail with one of the last contingents. The veterans bound for the "colossal spectacle" of the legionnaire were clad in the uniforms of the overseas style, many of khaki, some of horizon blue, others of gray and some of red and green. Many wore khaki uniforms sprinkled with medals and ribbons while a large proportion wore civilian attire. The majority of local military organizations.

The liner Caronia carried Illinois Legionnaires.

SPRINGFIELD, Ill., Sept. 9 (AP)—Their friends at home wish Illinois members of the American Legion "a fine voyage and an enjoyable visit to the scenes of their great victories." Governor Len Small has wired National Commander Howard Savage aboard the Leviathan.

"Any voyage mission," the governor said, "insure a continuation of the good will which now exists between the United States and our one time allies and antagonists. Bon voyage."

ESTIMATE DAMAGE OF PEORIA FLOOD AT NEAR \$75,000

Hard Rain and Wind Storm Destroys \$30,000 Home on Grand View Drive

PEORIA, Ill., Sept. 9 (AP)—A cloud burst, accompanied by the most terrific electrical display ever seen here, did damage estimated at \$75,000 in Peoria and vicinity last night and early this morning. At least a dozen barns were struck by lightning and destroyed and the damage was irreparable. A home on Grand View Drive, a show place, was destroyed by a bolt, the loss being estimated at \$30,000.

Dozens of motorists were marooned on country roads and fears are felt for their lives. A cloud burst at midnight drove a score of families from their homes when water invaded first floors. Some street pavement buckled under the heavy pressure. Wire service in the immediate area was badly disrupted early today and a check on the damage was impossible due to raging creeks and washed out roads.

Rainfall totaled 2.75 inches at the weather bureau in West Peoria but the northeast part of the city received a fall unofficially estimated at from 3 to 5 inches.

The storm centering over a rather small area for more than an hour and it was in this vicinity that from five to six feet of water was reported in the streets.

COAL WAGE MEETING REMAINS IN DEADLOCK

CHICAGO, Sept. 9 (AP)—A week-end of argumentation will bring all factions in the Illinois coal tie-up into agreement on the basis of a settlement of the dispute which has paralyzed the industry since April 1. Leaders in both camps anticipate. Both the miners' and operators' representatives on the sub-committee of four named by a wage conference to argue a settlement along economic lines advised their constituents today they had made some progress.

They will meet over the week-end and report back Monday. It was learned that if a settlement is reached it will be a compromise. The operators are understood to be willing to continue the Jacksonville wage scale if in return the miners will agree to several changes in working rules, making it possible for them to shift employees and eliminating what they now consider "dead time."

MARINES IN FIGHT
Managua, Nicaragua, Sept. 9 (AP)—American marines engaged in another skirmish with bandits northeast of Somoto, near the Honduran border yesterday morning. It was learned today. Four bandits were killed and six wounded, two seriously. The marines who captured considerable ammunition, arms and supplies suffered no casualties.

LOS ANGELES RETURNS
Lakehurst, N. J., Sept. 9 (AP)—The dirigible Los Angeles, returned to its hangar here tonight after a training cruise down the Atlantic coast as far as Norfolk, Va.

THIRD GRAND JURY REPORT ENDS INQUIRY

Investigation Begun Eleven Months Ago On Statements

INDIANAPOLIS, Ind., Sept. 9 (AP)—Governor Ed Jackson of Indiana was indicted today for conspiracy to commit a felony and attempted bribery. John L. Duval, mayor of Indianapolis, was named in another indictment charging violation of the corrupt practices act.

Named on the same indictment with Governor Jackson were George V. Coffin, chairman of the Marion county Republican committee, and Robert R. Marsh, formerly a law partner of Jackson and counsel for the Ku Klux Klan during the alleged dragon-shipping of D. C. Stephenson.

The return of indictments was a climax to eleven months of inquiry by three successful grand juries into charges of political corruption in Indiana.

Bond for Governor Jackson was fixed at \$2,500 by Judge James A. Collins, who named the same amount for Marsh and Coffin.

The mayor's bond was set at \$1,000.

"We have no statement to make other than to assure the people that every member of the grand jury will conscientiously continue to perform his duty," was the only statement issued by the grand jurors.

The clerk immediately began drafting the capiases. Some of them may be served before night. The report ended an investigation that started eleven months ago. D. C. Stephenson, former grand dragon of the Ku Klux Klan, had made charges of political graft from his cell in Michigan City prison where he is serving a life term for murder.

Thomas H. Evans, Vincennes, Ind., publisher, received notes from Stephenson in which he charged a prominent part in bringing the matter before the Marion county grand jury. Jackson has been governor of Indiana since January, 1925, and Duval has been mayor of Indianapolis since January, 1926. Both are Republicans.

"I have no statement to make," said Governor Jackson.

Claim Bribe Offered
The Jackson indictment charged conspiracy to commit a felony and attempt to bribe and grow out of the alleged offer by Jackson of \$10,000 to McCray if he would name J. F. McDonald as Marion county prosecutor. The purported offer came at a time when Jackson was secretary of state and McCray was under indictment on forgery charges. Immunity from conviction also was alleged to have been promised McCray.

D. C. Stephenson, former grand dragon of the Indiana Klan, now a life convict at the state prison, conspired with Jackson, Coffin and Marsh in the effort to bribe McCray, the indictment set forth.

Stephenson testified before the grand jury several weeks after his prison cell saying he had been "double crossed" for the term for murder.

ST. LOUIS GANGSTERS RE-OPEN BOOZE WAR

ST. LOUIS, Sept. 9 (AP)—Gang warfare broke out again here today with the killing of Alphonse Palazzolo, notorious gunman, and the wounding of a 14 year old boy bystander who chanced to be in range of bullets fired from an automobile into a pool room.

Palazzolo was killed instantly. The boy, Edmund Capone, who was shot in the back told police there were four men in the attacking automobile.

A police guard was thrown about a store room next to the scene of the shooting when 38,500 pounds of sugar and nine cans of chili were used by moonshiners were found.

Palazzolo, according to police, had been active in protecting East St. Louis moonshiners from inroads by "cuckoo" gangsters in St. Louis who demanded "protection money."

Palazzolo had been a pal of Tony Russo and Vincent Spizzuzza, gunmen shot to death near Chicago last month.

BELIEVE ROBBER WOUNDED
Madison, Wis., Sept. 9 (AP)—The young man who held up the South Side State Bank Thursday and got \$2,200 after an unsuccessful attempt the previous day was believed by police to be hiding in Madison seriously wounded.

SPEAKING OF TRAINING CAMPS

A man or boy gets closer to the great Creator by moving amongst the things which He has created. mingling with their breath, scenting their habits, joys, beauties, secret thoughts.

I often think that the finest flower has a language all its own. And what a number of poets have sung of the songs of the Brook, the whispering of the Trees, and the voices of the Wind! Even as I write, the crickets outside my window are telling me their thoughts.

For a week I have been sleeping in a tent near Westport, New York, beside beautiful Lake Champlain at my boy's camp known far and wide as Camp Dudley. The Camp is a part of the work of the State Y. M. C. A. Every summer for 43 years boys have come here for their vacation. But it is not merely a play camp. It is a training camp—a training camp in character. Here boys are taught to be open minded, fair, honest, hard working and purposeful.

The sons of the rich and poor alike mingle as though from one family. There is no snobbishness. No favoritism, no coddling. A boy stands upon his merits. And if he doesn't get "the Dudley Spirit" he fails with himself, his fellows and the camp.

All the work at Camp Dudley is done by the boys themselves with the exception of the actual cooking of the food which is done under the supervision of a competent Chef. And though there are something like 300 boys in the camp, cleanliness of person, tent and grounds are the pride of each boy. Under the healthy Sun their brown bodies tell the story of their happy days. There is special work mapped out for each boy and he does it gladly.

All sports are indulged in—baseball, tennis, football, rifle practice, mountain climbing and hiking, swimming and golf. A weekly entertainment is given by the boys themselves in their own theatre and one grand show is produced each year that in as clever and bright as the best given in the big cities. This last is open to the public and plays to crowded houses.

Each boy is placed upon his own honor in the doing of his work and he glories in the most difficult tasks. I have seen half a hundred with their brown bodies in the sun working like trojans under the heat of the day making their own baseball diamond.

The camp is in charge of a genius, himself a former camp boy—Chief Beckman. The "Chief" is beloved by every boy and his fine, strong character has influenced thousands of boys who are now doing the big things of the world. For thirty years he has given his life to this work.

To my notion an investment in this camp is better than money invested in the strongest corporation in the world.

COLLEGE RECEIVES INTERESTING BOOK

The Illinois college library recently received from Mr. Julian P. Lippincott a very interesting little volume entitled "My Native Village, Sketches from Real Life". The author of the volume is Thomas Lippincott, father of Julian P. Lippincott, one of the founders of Illinois college.

The book was written for the purpose of aiding the temperance cause, in which the elder Lippincott was deeply interested. The volume has added interest in value because it was presented by Thomas Lippincott to Mrs. J. M. Sturtevant.

Tilden Stars When U. S. Takes Lead In Davis Cup Matches

(By Alan J. Gould)
(Associated Press Sports Editor)
CHICAGO, Sept. 9. (AP)—The U. S. Davis Cup team today took a lead in the most stirring battle in years for the famous international tennis trophy.

Bill Tilden didn't do it much, but he did it just when it counted, always in the most critical of the match, the deciding point, the deciding set, the deciding game.

As for the American team, only one more victory in the Davis Cup is needed to win the trophy.

With Tilden's lead, the American team is now in a position to win the trophy.

The French team, led by Henri Cochet, is now in a position to win the trophy.

The match was a hard fought, close-run struggle for four sets, with little to choose in the sparkling duels that found Tilden on one side and Borotra on the other, the latter being the more powerful of the two.

But it was Tilden who won in the final set, largely because the French wilted under the terrific pace, yielding to the superior stamina of their opponent, but also partly because of a spotting but costly point thrown in by the "Bouncing Basque".

Borotra Throws Point
This came at a time when Tilden and Hunter, who had led 2-0, appeared a bit shaky. On his own service, Borotra was leading 1-1 when he served a ball to Tilden that was called "in" by the linesman as "Big Bill" barely got in racket on it. But to the basque, it appeared out, for "at least four inches," he said afterward. The score was called at 10-15 but Borotra then deliberately double faulted.

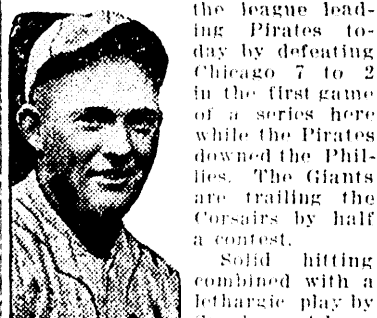

The crowd cheered the Frenchman. It appeared a magnificent gesture but it also proved costly. Upset, Borotra missed an easy return and in a prolonged, tense battle the Americans captured the set to assume a lead of 4-0 that virtually settled the match.

The Frenchmen tried to pieces and put up only feeble resistance as their rivals pounded their way thru the next two games to win the match.

BUCCS CLING TO LEAD AS GIANTS BEAT CUBS

Half Game Separates Leaders In Dash Toward National League Pennant—Cards Win Over Robins 8 to 6 in 10 Innings.

CHICAGO, Sept. 9. (AP)—The New York Giants kept pace with the league leading Pirates today by defeating Chicago 7 to 2 in the first game of a series here.

Hornby

Solid hitting combined with a lefty series by Spawny Adams and steady hurling by Grimes, was responsible for the New York triumph.

The McGrawmen put the game away in the second inning. Hornby started a rally with a walk and when Jackson drove the ball over the left field wall for a home run, Harper followed with a triple and crossed the plate on Taylor's sacrifice.

Three more runs were put over by the invaders in the fourth after Adams had a chance to retire the side. With two down, Taylor walked, Grimes tapped to Adams who had plenty of time to throw to first or second, but he hesitated and then tried to second too late to get Taylor. English shot the ball to first but Grimes beat the peg by a step. Mann followed with a double scoring Taylor and Weinert was replaced by Jones. The new pitcher was greeted with a single by Lindstrom, Grimes and Mann scoring. The other New York run came in the eighth on Mann's walk and singles by Lindstrom and Roush.

Grimes pitched fine ball and fanned Hack Wilson with the bases loaded in the fourth after which he walked Grimes to force in a run. The other Cub tally was made on Jones' double. Adams' single and a grounder by English.

Cards Back in Third
St. Louis, Mo., Sept. 9. (AP)—The World's Champion Cardinals assumed third place from the Cubs today by a sensational 8 to 6 victory over the Robins in the opener of a four game series while Chicago succumbed to the Giants. With two out in the tenth Lester Bell slammed a home run off Petty with two on base to settle the issue.

Brooklyn grasped a one run lead in the ninth on Babe Horn's second homer of the game but the Cards leveled the count in their half inning on Douthitt's double and a single by Holm. The Dodgers scored another run in the tenth on Stutz' single. Horn's fumble, a sacrifice and an infielder's grounder on which Stutz beat Frisch's throw to the plate.

In the St. Louis tenth Bottomley and Hafey walked and with two batters out, Bell lifted the ball close to the left field stands.

Pirates Cling to Lead
Pittsburgh, Sept. 9. (AP)—Vic Aldridge was a pitchers' battle over Herb Pennock and Pittsburgh clung to its lead in the National League pennant chase today by defeating Philadelphia 3 to 2 in the first of a three game series.

The Pirates got to Pennock in the fourth inning for five of their total of eight hits and scored all three of their runs. Aldridge allowed the Phillies but six hits and they were unable to bunt them effectively to overcome the Pirates' lead.

Except for their big fourth inning, the Pirates were helpless before Pennock. In the inning Trammor was the only extra base effort of the game, a triple and later scored Pittsburgh's first run. Four singles drove in the other two runs.

GRAND CIRCUIT RESULTS
Indianapolis, Ind., Sept. 9. (AP)—A double header and eight races featured the closing session of the Grand Circuit events at the state fair grounds today in which Red Pinto, driven by Palin, captured the prize event of the matinee.

He won the Frank P. Rex two year old race, valued at \$14,887.63 in straight heats with La-Payette affording the opposition. The Silver Flash Gas Purse of \$5,000 was won by Callie Direct with four heats necessary to determine the winner. Hild Non won three straight heats in the 2:18 trot and Hollywood Volo accomplished the same feat in the 2:06 pace.

YANKEES MAKE IT 20 WINS OVER ST. LOUIS

Win 9 to 3 in 20th Start—Lyons Shuts Out Senators As Tigers Defeat A's 5 to 2—Red Sox Win Two In A Row.

NEW YORK, Sept. 9. (AP)—The New York Yankees again ran their steam roller over the St. Louis Browns here today, winning for the 20th time in 20 attempts this season. The score was 9 to 2.

Urban Shocker, pitching for the Yankees, allowed only three hits and but for an error by George and a loss of control on his own part in the fourth inning, might have had a shutout as only one hit went into the scoring of the Browns' three runs in that inning. The Yankees scored five runs off Elam Vangilder in the fifth and he was replaced by Nevers after three more were added in the sixth. Altho no home runs were made Babe Ruth hit the ball in timely fashion driving in four runs with two singles and a sacrifice fly.

Lyons Beats Senators
WASHINGTON, Sept. 9. (AP)—Three hits, all singles, were all Washington could make today off Detroit Lyons, ace of the White Sox, pitching staff and Chicago shut-out the Senators 8 to 0. Lyons yielded one base on balls.

Shocker, who on usual role of that relief hurler, started the game for Washington. He retired in favor of Braxton after the Sox in the sixth added four runs to the four they already had scored.

Tigers Take Revenge
PHILADELPHIA, Sept. 9. (AP)—The Detroit Tigers evened the series with the Athletics today by taking the second game by a score of 5 to 2. Howard Ehmke was hit hard from the start, but lasted for six innings.

But Edgely and two doubles and a triple four times up Whitehill held the Athletics to four hits.

Red Sox Beat Indians
BOSTON, Sept. 9. (AP)—Slim Harris held Cleveland to five hits today enabling Boston to take its second straight victory from the Indians 6 to 1. Three bases on balls and a hit batter gave the visitors their only run which came in the third. Hartley's hitting was timely. John

"FAN BREEZES"

It has been said that Ben Turpin is not allowed to play baseball because he always has one eye on the bench and the other on the ball.

Hah—we have found a man who wants a girl.

His name is General Housework.

If you don't believe it, look in the want ad column and there it is as plain as the nose on the face in front of the Field Museum.

It says: Girl wanted: General Housework.

Cocher Gene Mellon is getting away to an early start in getting his gridders ready for the big season, and from a glance at his schedule, we would say that he will need at least two full teams to complete it.

He has eleven games scheduled and in one instance will send his team on the field on a Thursday afternoon and follow it with a game on the next Saturday.

At that, he has thirty potential holes for drill every night, which shows that Waverly is still up and coming in the realm of sports.

"Flap" liked this one.

New York doctors say that polio-myelitis is on the increase. But that can't be right. Why even Tunney's sparring partners don't know what it is.

When Hagen reached that links today he knew that Held, an amateur, had just set a record of 69, including an eagle three on the fourth hole, almost 600 yards long. In his stoical way, he was eager to maintain the prestige of the professionals and set about it in a business like manner.

A four on the 217 yard 12th left the St. Louisian one stroke to the good. But Walter's third deuce at teh 135 yard 14th evened the score while a birdie on the 15th put him one up again.

The gallery was agog at the rare display of golf by Hagen and had an extra performance by his partner, Gene Sarazen who came home in 34, just one stroke ahead of Walter. But Gene had taken a large 39 for the outward trip owing to some bad breaks.

Evans Scullittates

On the other side of the square mile of Olympia Fields territory, Chick Evans furnished another scintillating half on No. 4 course altho he did not approach the scoring ability of the champion, owing to his four putts that a duffer could have holed.

Evans, playing with Tommy Armour of Washington, national and Canadian open champion, outstripped his partner by three strokes on the first nine, with a 34 that should have been an easy 33 with proper putting. He had started with an eagle three on the 315 yard first hole where his spoon shot was five feet from the cup. Armour was par on this hole and one over on the next, leaving Chick three strokes ahead. Then they reached off pars for six straight holes, and Evans was still three ahead after Armour pulled his approach on the ninth and took five for Chick missed a three foot putt.

MacDonald Smith, New York added a fine 71 to his mediocre 77 of the first round and was well up in the list with 148.

Johnny Farrell of New York had a 73. MacDonald and Smith played with 149.

There were 15 players tied for last place at 154, making a total of 70, who will add tomorrow's two rounds to their present scores to determine the winners. Few would predict tonight that any one could overhaul the six stroke lead held by Hagen as he has great good known to slump to a great extent during a tournament.

Hagen's Brilliant Game Puts Him Out In Front In Meet

CHICAGO, Sept. 9. (AP)—Far outshining a whole firmament of stars, Walter Hagen today increased his lead in the Western Open Golf championship from one to six strokes, by breaking the old course record of 70 on the No. 1 course at Olympic fields by three strokes, for a total of 137, just after it had been reduced to 69 by Eddie Held of St. Louis, second in the list at the end of the first two rounds with 143. His 67 was five under par for the course.

Later Bill Melhorn scored a 69 on this links to go into a tie for third place at 144 with Tommy Armour, American and Canadian open champion. Chick Evans, formerly national open and amateur championship titleholder, and Frank Walsh, of Appleton, Wis.; Frank Konnett of Kalamazoo stood next with 145, followed by Crawford of Long Branch, N. J.; Mike Patton and Harry Hampton of Memphis and Harry Cooper of Los Angeles at 146.

Gene Sarazen, paired with Hagen, was tied at 147 with Laurie Ayton and Al Espinosa of Chicago. Leo Diegel of Washington, D. C.; Leonard Schmitt of Lima, Ohio, and R. W. Treacy of Milwaukee.

Seldom has Hagen's total for 35 holes been beaten, possibly never equalled on course of so much difficulty. His par 70 on No. 4 course yesterday was a splendid effort, altho he holds the record of 67 for that links. But never before today had 70 been broken on the even more difficult first course.

When Hagen reached that links today he knew that Held, an amateur, had just set a record of 69, including an eagle three on the fourth hole, almost 600 yards long. In his stoical way, he was eager to maintain the prestige of the professionals and set about it in a business like manner.

MODISH MITZI

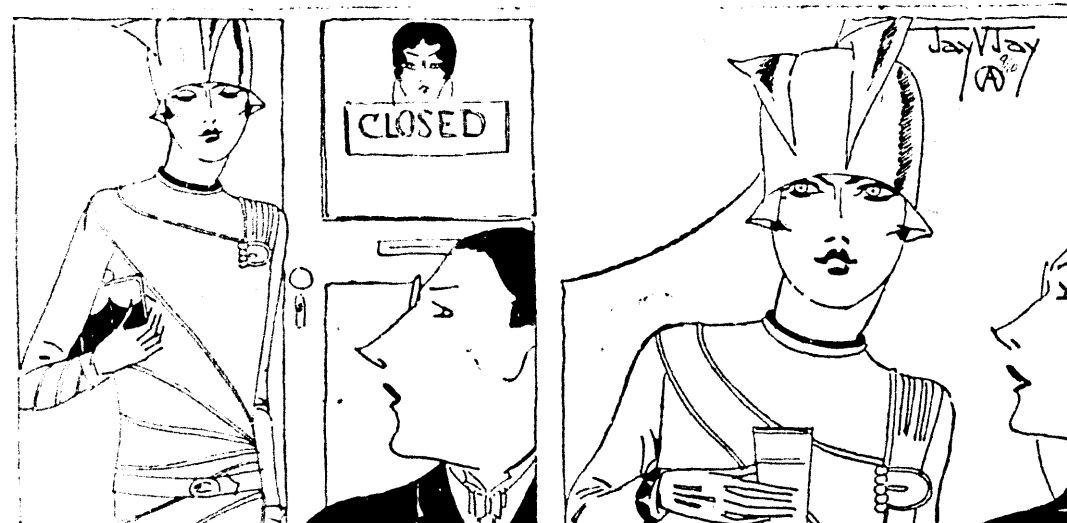

It Was Good While It Lasted!

By Jay V. Jay

This is the last sad day. Not that Mitzi looks sad as she runs a pencil through her list of appointments with customers. Dad has decided that it will be cheaper to let Mitzi buy her frocks in the good old way rather than an adjunct to a really weighty business. He doesn't want Mitzi to have a breakdown! Polly's velveteen coat is part of a

new fall ensemble and is notable for the fact that it is not trimmed with fur. Polly's little brimless hat is felt, with a band of velvet ribbon that matches her coat trimming. Mitzi's hat—but it's too smart for you to do it justice in this picture. See next door—

Mitzi's hat, as we started to say, is of royal blue felt, with the crown cut in two slits, in which points of felt are inserted and left to flare. It has no brim in front but a little one in back and on the sides. Mitzi's frock has diagonal lines which all sweep into a point on the left hip, where they are held—

Under a metal scaled belt. And a buckle to match is fastened on one shoulder. Now that Mitzi has with her own hands tucked "the closed" notice on the door of her office, she feels able to relax and take some tea. No one, she says, will ever know what a strain this last moment has been. Goofer, this is your moment! Sunday—Velvet for Costume Accessories.

PUBLIC RISES AGAINST LONG SEA FLIGHTS

(Continued From Page One)
plane St. Raphael had hoped to capture.

Ships at sea continued to keep close watch for any sign of the Old Glory or the Sir John Carling, but no trace was found of either.

The lookout for the Carling was spread over the whole North Atlantic since no indication ever has been received as to the place of its disaster. It is known about how far from land Old Glory was when it sent its S. O. S. but disagreement grew today as to how far south or north it was.

The ships which conducted the search for Old Glory estimated its position a few miles north of the Great Circle. The first officer of the Lexington, who helped Lloyd Beraud plot his course, said this was all wrong and they should look 150 miles to the south. Dr. James Kimball of the weather bureau made another estimate placing Old Glory somewhere between the two previous estimates.

NEW YORK, Sept. 9. (AP)—The New York Daily News tomorrow will say that Mrs. Charles A. Levine today cables her husband imploring him not to attempt to fly back to the United States.

Refuses To Give Up
DESSAU, Sept. 9. (AP)—Captain Herman Koehl, one of the pilots of the Bremen, Junkers airplane, awaiting a favorable opportunity to set out for America, refused to give up the idea of the trans-Atlantic flight this season despite concerted efforts to dissuade him. He is awaiting for favorable weather.

INDICT GOVERNOR OF INDIANA WITH THREE OTHERS FOR BRIBERY

(Continued From Page One)
last time and was "ready to tell all."

All Under Bond
The statute of limitations does not apply, the grand jury held, for the reason that the men concealed the facts concerning the purported bribe. All indicted men were under bond tonight having surrendered themselves to the sheriff.

"I want to be arrested," Governor Jackson told Sheriff Omar Hawkins as he entered his office. A bond of \$2,500 was provided immediately. The governor, as well as the others, declined to make a statement.

McCray was tried in the county court but not convicted. He later was convicted in federal court of conspiracy and sentenced to ten years imprisonment. He was paroled from Atlanta prison several days ago.

Alleged Political Aid
The true bill alleged that Jackson, Coffin and Marsh intimidated McCray into not revealing the fact that an attempt had been made to bribe him thru fear that they might interfere with McCray's obtaining a parole.

Mayor Duvall was indicted on virtually the same charge as contained in an affidavit filed against him by the prosecuting attorney several weeks ago and on which he is scheduled to go to trial next Monday. The indictment alleged Duvall promised W. P. Armistead, Indianapolis politician, the right to name men to city positions for his political support in the primary and election of 1925.

PRIMARY LAW DRAGGED INTO DIXON COURTS

election of senatorial committee-men only.

No information could be obtained as to when action would be taken with reference to an attack on the general primary law or the form of the attack, but it is understood that serious constitutional defects have been found in that law also which will be taken advantage of when the interested parties are ready to proceed with legal action to have its validity passed upon by the courts. No indication could be obtained as to whether action would be taken before or after the presidential and gubernatorial primary next April.

The bill filed today asks the court to enjoin the use of any public money in the treasury of Lee county toward paying for printing the names of candidates for the legislature and senatorial committees on the primary ballots or for any other purpose in carrying out the provisions of the law which it is claimed is invalid in the primary election to be held in April 1928.

"I have seen the country develop thru the growing season of the summer. The stacks of alfalfa, rising on the low lands, corn, wheat, the oats, the cattle, all getting ready for the harvest and market. I judge from what has been told me and from my own observation that you have had a successful season thru this locality."

Praises Park
Leading the state park in which he has lived, Mr. Coolidge spoke of the future its seems bound to have. He said South Dakota would appreciate it more as time goes on as a refusal for the wild life which goes to make up the "romantic history" of this state.

"I have been under obligation to all your people," the president said, "especially to your two senators and three representatives who have done everything possible to make our stay here pleasant. I am especially grateful to Senator Norbeck. I regard him as one of the great men of the nation who you may well honor in any way."

The formal word of appreciation from the Black Hills for setting up the summer white house here was spoken by Mayor Jensen of Rapid City.

The business of breaking up camp required the services of several army trucks which worked all day hauling the president's effects to his special train.

On their way thru South Dakota, the President and Mrs. Coolidge had invited Senator and Mrs. Norbeck to accompany them to Brookings.

NEW YORK STOCKS
Sept. 9. (AP)—The stock market having developed a stock-heavy speculative position as a result of the recent sustained advance, broke sharply today on selling pressure from the bears, and slipped largely by after call money rates. Final quotations disclosed a rather long list of net declines of one to nearly five points interspersed with a few substantial gains.

Bank called about \$25,000,000 in loans, with the result that the call money rate was marked up to four per cent for the first time since the first week in August.

There was no change in the other monetary accommodations. In wheat futures advanced about a cent a bushel on improved export demand.

U. S. Steel Common was again one of the individual features touching a new high record at 157 in the early afternoon falling back to 154 for a net gain of 22 points on the day. General Motors issues each closed about a point lower the old stock at 248 1/2 and the new at 124 1/2.

The weekly mercantile reviews saw evidences of improvement in various lines of trade and industry.

"Thus far," says Dun's, "trade gains have come gradually and irregularly, but no rapid expansion was anticipated nor was it expected that all lines would go forward simultaneously."

Bradstreet's reports that receipt of a number of measures of movement for August seem to prove, in general, that business in both retail trade and the buying in bulk in August was much greater in volume than July.

Foreign Exchange Steady
Profit-taking cut down part of the recent gain in Norwegian kroner but the other foreign exchange held fairly steady.

Sterling cables were quoted around \$4.86 3-16 and the rate on Paris held steady just under 3.92 cents.

Strength and activity of a number of public utility firms was the outstanding feature in the bond market today, several of them advancing large fractions to equal their previous best prices of the year. High grade railway and industrial mortgages displayed considerable irregularity, but with money rates receding, a low level, the main trend was upward.

With a long list of new offerings in sight in the utility field, activity of bonds in this group assumed an important interest. Expectations of favorable action from various gas, electric and traction associations as well as the prosperous condition of the industry as a whole has caused many bond traders to consider these issues particularly attractive at present prices.

Rather heavy buying of Seaboard Airline 5 1/2s brought a point advance and a few other railway issues gained fractionally.

Convertible bonds were heavy. The foreign department was more active than in several recent sessions, a burst of buying in Polish 8 1/2s resulted in a new peak price of 99 1/2 and United Kingdom 5 1/2s touched their previous record before reacting. French, German and Italian bonds were easy.

Second Liberty 4 1/2s, which are exchangeable, for the new 3 1/2 cent certificates were dealt into the extent of more than \$250,000.

MISS MARY DALY TO MAKE OCEAN FLIGHT

Former Local Girl Gives Interview In Which She Tells of Plans to Race Rival Airliners Across Atlantic.

Miss Mary Daly, formerly of this city, but now of Chicago, who has been for several months engaged in stunt flying and parachute jumping, visited here yesterday and told a reporter something of her aerial experiences. Miss Daly states that she is planning a trans-Atlantic solo flight, to be staged as early next spring as the weather will permit. She is challenging Thea Rasche, the New York aviator, and says she will beat the eastern aspirant across the pond.

Miss Daly is only 19 years old, but she is already an experienced pilot, having piloted a Lincoln Standard plane for a flying time of more than 200 hours. She showed press accounts of a recent 15,000 foot parachute leap made by her, during which she recorded her thoughts and observation in a small notebook. She had the notebook with her and showed it as proof of the feat.

Miss Daly stated that the plane in which she purposes to make the trans-Atlantic flight has been ordered, and will be ready for use by the time the weather will permit the flight. Miss Daly has done most of her stunt flying around Chicago and Cleveland. She has not resided in this city for about two years. She is a daughter of Mrs. Elizabeth Daly, formerly a well known resident of this city.

RETURNS FROM VACATION
Miss Nell Schall has returned to her duties at the Ruth Beauty Shop after a weeks vacation.

Lynnville Christian church will have a Burgoon, Oct. 5.

MRS. JOHN M. COOK DIES IN MICHIGAN

Harry Schoen passes away Friday Morning—Other Winchester News Notes.

Winchester, Sept. 9.—Mrs. John M. Cook passed away Friday morning at the home of her sister-in-law, Mrs. Gus Strouse, in Kalamazoo, Mich. She had been ill for several months and underwent an operation and never regained her health. The remains are expected to arrive here Saturday morning, and funeral services will be held at two o'clock Sunday afternoon from the Methodist church, Rev. E. T. Palmer officiating.

Harry Schoen Dies
Harry Schoen passed away Friday morning at the home of his sister-in-law, Mrs. Gus Strouse, in Kalamazoo, Mich. He had been ill for several months and underwent an operation and never regained his health. The remains are expected to arrive here Saturday morning, and funeral services will be held at two o'clock Sunday afternoon from the Methodist church, Rev. E. T. Palmer officiating.

Mr. and Mrs. George Metzger have moved back to their home on North Buchanan street after residing in St. Louis for the past year.

Earl Tilton of Jacksonville was a business caller here today.

Luther Mason of Canton visited relatives here today.

CIVIL WAR VETERANS IN SESSION FRIDAY
Matt Starr post of the G. A. R., No. 378 held its regular meeting Friday evening at the home of the post commander, Edward Gallagher. Adjutant S. W. Nichols gave a brief report concerning the transportation to the national encampment at Grand Rapids, Mich., which is to be held next week. Persons entitled to attend the convention may take the trip for half fare, or \$14.41. Mr. Nichols reported. Permits may be obtained from him at 717 West Beecher's Ave., or W. G. Goebel at the Ayers bank.

FIRST I. C. EXERCISE TO BE HELD FRIDAY

Several Members of Faculty Arrive in City for College Duties—Dr. Baxter to be Monday Speaker.

Activities around Illinois college this week are marked and next week the college opens with the coming of the freshmen. The first chapel exercise will be held Friday morning at nine o'clock. All freshmen, including those who reside in Jacksonville, are required to be on hand at the opening exercise Friday morning and also to attend all the exercises of freshman week.

Several of the new professors have arrived in town. Professor Oxtoby, who is to succeed Dr. Hule in the department of Biblical Literature and philosophy, has rented the former residence of Dean Scott on Grove street. Professor Oxtoby comes to the Illinois college faculty from Huron college, South Dakota where he has served during the past 12 years as professor of Bible. Professor Earle P. Miller, of the department of mathematics, and family have rented the home of M. H. Havenhill at the corner of Parnassus and Woodland Place. Professor Miller has been, for the past few years, an instructor in mathematics on the faculty of the University of Wisconsin. He succeeds to the professorship made vacant by the death of Dean Scott, last year. Dean Chappell and his wife arrived about a week ago and have already settled in the Post house on Grove street.

To Speak to Freshmen
Dr. George E. Baxter, 96 of Chicago, a trustee of the college, will deliver an address to the men of the freshman class on personal hygiene Monday afternoon, Sept. 19. At the same time, Dr. Josephine Milligan will deliver a similar address to the women of the class.

College Notes
Robert H. Malcomson of Quincy of the class of '29 was a visitor on the campus Thursday morning. Mr. Malcomson was one of the famous pitchers on the Illinois baseball team years ago. He is president of the Kiwanis club of Quincy.

As in other years, a considerable number of freshman boys and girls are looking for opportunities to earn a part of their college expenses. These young people are willing to do chores or almost any kind of work in order to help earn their way through college. Moving, lawns, driving cars, taking care of lawns, domestic work in the home, cleaning, stenographic work, etc. Merrill Barlow, the head of the employment bureau, has charge of placing these young people.

The first regular chapel exercise of the college will be held Wednesday morning, September 21 at nine o'clock. Friends of the college are invited to this service. Registration at the Conservatory of Music will take place Monday and Tuesday, September 19 and 20. This will be in charge of Mr. Kraeger, the assistant, and Mr. Barker, the business manager. The work at the Conservatory has been enlarged by the addition of a Kindergarten department under the direction of Miss Dorothy Cannon. This class will start next Monday morning, September 12.

NURSES RETURN FROM STUDIES IN CHICAGO

C. M. Coranda of Chicago, representing the American Express Co., called at the Local Office of the Company Friday.

Miss Charlotte Hazen, who has been pursuing a summer course at the Chicago University Research hospital, and who previously spent six months in training at the Children's hospital of Washington university medical school in St. Louis, has returned to this city to continue her profession as a nurse.

Miss Mae W. Avery, educational instructor at the Passavant Training school, has returned from Chicago, where she spent two weeks studying at the Nurses' Institute, pursuing a course laid down by the Illinois League of Nursing Education.

TO CHICAGO
W. L. Wesner, assistant secretary of the American Bankers Insurance company will leave today for Chicago on his vacation. While there Mr. Wesner expects to enroll in the American Conservatory of Music under Mr. Eichenbush for an extensive course in organ.

Mr. Wesner has identified himself for a number of years as one of the city's leading organists.

MORGAN COUNTY FAIR BOOSTED BY SPEAKER

State's Attorney Hugh Green Delivers Address At Rotary Club Meeting Friday On Fair.

"The Morgan County Fair," was the theme of a talk given by State's Attorney Hugh Green at a meeting of the Rotary club Friday. Mr. Green urged the members of the club to cooperate with the fair board to make the fair a success. He characterized the county fair as a community project, something for both farmers and business men.

Guests at the luncheon included George Lukeman, F. A. Fisher, Ed Hill, Jr., Prof. Fred B. Oxtoby, Bob Conover and A. C. Miller of this city; H. E. Read of St. Louis and Mrs. Eleanor Andre Arnold, also of this city. Miss Lucille Mackness sang a group of songs with Miss Alma Mackness as accompanist.

Dr. J. R. Harker spoke briefly concerning the Labor Day picnic which was held at the Jacksonville State Hospital. He said that the farmer and the citizen joined with labor in celebrating Labor Day and it was his opinion that labor should be invited to join in making the Morgan County fair a big event.

Dr. A. H. Doller told of plans that are being made for the club's part in the "Stunt Night" program at the centennial theater. The Rotary program will be presented by about 45 members of the club.

Mr. Green in his address said in part as follows:
"A large city is, in some respects, a very desirable place in which to live. Especially is this true, if you prefer to keep your nose close to the grindstone and possess practically no knowledge whatever of any nearby happening event; if you fancy that it is better to be oppressed than encouraged; if you choose harshness in preference to fraternal interest; if you elect to be parked in a very noisy place; if you glory in the opportunity to pay for nearly everything at a price which is almost certain to be more than the real worth; if you yearn to place yourself in a position of social equality, hyper-crisis and every kind of real quick can most conveniently work on you. Yes, it may be said that a large city is an accommodating, agreeable, attractive place in which to live, if a person is not careful as to what he says."

"Someone has aptly said that God made the country and man made the cities. Who ever heard of any mortal saying that he was going back to God's city? Who has never heard of human beings without number, saying in a pitiable, happily homesick manner: 'Well, I'm going back to God's country?'"

"Jacksonville, to my way of thinking, is fortunate in many respects. The limited amount of time at my disposal today prevents consideration of the various items which combine to contribute to this good fortune. For the purpose of this talk, suffice it to say that Jacksonville is down right lucky to be located in the very midst of such an expanse of fertile farm lands and while some cosmopolitans denizens of a great metropolis may refer to us as a "country town," they do not make many disparaging remarks about country ham, fried chicken, fresh eggs and butter, corn on the cob, peaches and other food products which we can obtain from the original source of supply in less than a quarter of an hour and not be guilty of violating any traffic ordinance either."

Farmers As Companions
"The farmer is our natural companion. He has been the comrade of the inhabitants of Jacksonville since 1825 when the place was laid out as a town. We appreciate his company, his quality his true worth. We know his capacity for hard work, his reputation for integrity, and his attitude to enjoy warm friendships. He is willing to pay for all that he gets and more too. However, farmers as a class do not have the easy opportunity to meet with each other that the town folks enjoy. The farmers are obliged to make their own way. They are quite willing to do so, and one evidence of the fact is that about seven years ago they established a County Fair."

"After the first two years, the Chamber of Commerce began to take an active interest in the project and from then on, office space and other facilities have been furnished free of charge, and each year finds more Jacksonville people interested in the County Fair. To arouse and increase that interest is the earnest endeavor of all who are now giving the matter any serious thought."

Many Exhibitors Participate
"Last year 300 exhibitors participated and there were over 1100 exhibits, some persons having a number of exhibits. Nearly \$8,000 of the prize money was given by the State of Illinois in view of the rainy weather the attendance was cut down. The largest number for a single day was approximately 3,500. The Baby Beef exhibit was pronounced by the judge to be as good as any that he had ever seen anywhere. And our Farm Adviser tells me that when he gave auction took place in Chicago, Morgan county enjoyed the distinction of being credited with the two best whole loads that went into the ring during the entire season."

"This year, the Secretary of our Chamber of Commerce tells me that 3000 catalogues have been sent out. On Jacksonville Day (Thursday), an attendance of a number between 4000 and 5000 is expected. Stores are requested to close in the afternoon of the day. They State is giving \$1,000 more than last year toward prizes. Exhibitors are listing their displays very satisfactorily. Wednesday is agricultural day. The fair promises to be bigger and better in every way except in the price of admission. It is nearly a free show. It gives the farmers a chance to get together and see the stock of each other and on account of the attempt on the part of each to produce an animal which will conform to establish standards. Morgan county has better products to exhibit. In fact betterment in every line of endeavor is emphasized and the result in that the county and community is improved."

"The fair gives us the chance to enjoy wholesome recreation and amusement, and an opportunity to again cultivate the rather neglected but commendable custom of visiting each other."

Two motives
"Two important motives back of the desire to make the Fair bigger and better than ever before are as follows:
"First: We desire to make a record to carry to the Governor of the State a record that will enlist his interest in our desires with reference to arrangements concerning the grounds. He is deeply concerned with Fairs and their success and lends a willing ear toward any worthwhile request from such an association."

"Second: We have it in mind, if possible, to cooperate with the expressed desire of folks from Scott and Cass Counties to make this a Tri-County Fair. Those counties do not seem to have the grounds and facilities to carry on the kind of a Fair that they want. If we can impress them with the merits of our intention to stand back of the Fair, they will perhaps be more anxious to join with us in making the Fair a Tri-County fair."

"The State fair does not take the place of the County fair any more than a three ring circus takes the place of a smaller first-class show. And just as it is true that no human being can, in the limited time afforded, see all of the happenings at a 3-ring circus, and even finds it difficult to see the performances in any one of the three rings, on account of the many distractions, so at the State Fair, a person is very likely to see much less than he can see at a first-class County fair."

"In speaking to this Rotary club I consider that I am speaking to men who are vitally interested in community projects of a high order. In view of the fact that the County fair is a community project, it can be made better and bigger as your interest in it is enlarged. There is a lot of work to be done. You are needed. Not one person among you can be spared. Not one interested person in Morgan county can be spared."

HOLD FINAL RITES FOR MRS. MARY DOBYNS

Funeral Services are Conducted Friday Afternoon at Residence on West State Street.

Funeral services for Mrs. Mary Dobyns were held at the family residence, 1030 West State street yesterday afternoon at three p. m. Rev. John McGown Stephenson of State Street Presbyterian church officiating.

The Rev. Mr. Stephenson in his funeral discourse spoke of the fear that death holds for some men and added that:
"There is no language in all our literature that is so comforting in an hour like this as the fourteenth chapter of John's Gospel which has been read in your hearing. Souls in all Christendom have found comfort here when the shadow have gathered and the night fell. 'Let not your heart be troubled' carries within it when we throw our souls upon it more comfort than almost any other combination of words."

"It is our Lord's farewell to His disciples. He knew how sharply they would feel His absence. He also knew that because He would rise triumphant over the grave that He had such strong encouragement to give them that they would become brave and strong again and be more than conquerors over the fear of death than all the enemies of the soul. These men who fled when He was crucified went out and taught their evangel which conquered the Roman Empire in two centuries."

"Men fear death because of the physical pain in passing, because they are stepping out into the unknown, but the real thing that makes us fear death is sin. But sin has been conquered by our Lord Jesus Christ and so has death. We need a new word for what we call death. The New Testament supplies that word by giving us the word 'sleep' as an example at the home in Bethany Jesus said in the presence of what we call death 'Lazarus sleepeth.' Our beloved who have gone are but asleep we shall see them again. Death is but goodnight I will see you in the morning."

"We would seek to gather inspiration and encouragement for our own living from those whom God hath taken to Himself. So that this is not a day of defeat but one of victory. Every life has its message but there is none more telling than the life of a mother who has devoted her whole strength to her home and children. We should never apologize for a mother being home abiding. Ninety per cent of our trouble will be solved in this generation if the task of the home was properly attended to. To rear children means line upon line, and precept upon precept. It is a constant task. It is thus that the children rise up to call their mother Blessed."

"The beloved mother, taken from this home was such a mother. Her children and home took first concern in her thoughts. She came from pioneer stock deeply spiritual, clear in her convictions with a great desire for the advancement of the kingdom. She loved her church and none were more concerned for its welfare. To a fault she was unselfish. The memory which remains to her children cannot fail but be an enrichment to their lives. We feel confident of the spirit's guidance as we wish in the name of our Lord to give His benediction summing up her devotion and life 'Well done thou good and faithful servant enter thou into the joy of thy life'."

The bearers were James T. Holmes, M. C. Hook, H. G. Craig, E. W. Brown, Sr., Dr. W. B. Young and W. T. Capps.

Flowers were cared for by Miss Sallie Holmes, Miss Jessie Holmes, Miss Louise Holmes and Mrs. Sallie Crane.
